

ACR45L

31.5" x 19.5" x 22.75" (H x W x D)

Pharmacy Series ADA compliant 20" wide built-in undercounter all-refrigerator for vaccine storage, frost-free with an internal fan, external digital controls and thermometer, self-closing door, and lock

Highlights:

Less than 32" high to allow installation under lower ADA compliant counters

Specially designed to meet current CDC/VFC/VFA vaccine refrigeration guidelines for convenient storage in pharmacies and other healthcare facilities

External temperature readout of the current and high/low temperatures

Product Features:

Vaccine refrigerator	Purpose-built to meet the recommendations of the CDC, VFC and VFA for reliable vaccine storage
ADA compliant	Sized just under 32" high to allow installation under lower ADA compliant counters
Built-in capable	Front-breathing system allows the unit to be installed under cabinets with minimum clearance
Slim 20" width	Full 2.65 cu.ft. capacity inside conveniently slim footprint
External temperature readout	Includes continuous display of the current interior and high/low temperature, and can be switched from Celsius to Fahrenheit at the touch of a button
Digital thermostat	Digital microprocessor for easy and precise temperature management, with all controls externally located for added convenience
High/low temperature alarm	Audible alarm sounds if the interior temperature rises or falls out of set range
Buffered temperature probe	Thermometer probe is encased in a glass bead-filled bottle and stored in a fixed box on the center shelf. This is the ideal way to produce temperature readings closest to stored contents, as recommended by the CDC, VFC and VFA's guidelines
Factory installed lock	Keyed lock conveniently located towards the top of the door for added security (2 keys included)
