

# BIM62ADA

32" x 14.75" x 22.75" (H x W x D)

15" wide ADA height clear gourmet clear icemaker with automatic defrost, internal pump, and complete stainless steel exterior

**Highlights:**

- 32" height fits under lower ADA compliant counters
- 68 lb. production capacity keeps a full batch of ice on hand
- Slow-melting, gourmet top hat clear ice for an elevated beverage presentation

**Product Features:**

|                               |                                                                                                                                                                          |
|-------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 15" Wide Clear Icemaker       | Built-in undercounter icemaker ideal for installation in kitchens, wet bars, break rooms, and other settings                                                             |
| Built-in undercounter design  | Front-breathing design lets you make the best use of space by installing your appliance under the counter                                                                |
| ADA-compliant                 | 32" height allows installation under lower ADA-compliant counters                                                                                                        |
| Height adjustable             | Leveling legs can be extended up to 2", with a slide-out kickplate that allows you to raise the overall height from 32" up to 34 1/4" if used under higher cabinets      |
| Built-in pump                 | Internal pump allows more flexibility in placing the unit                                                                                                                |
| 68 lb. production capacity    | High capacity production to keep clear gourmet ice on hand                                                                                                               |
| Gourmet top hat ice           | Unique clear ice shape for an upscale presentation, while its dense structure means it melts slower, making it ideal for cocktails where dilution needs to be controlled |
| Fully articulating door hinge | European style hinge design ensures a flush fit and allows for a smoother opening                                                                                        |
| Unbranded exterior            | Allows for seamless integration with other appliances                                                                                                                    |

## BIM62ADA Specifications:

| Overview                   |                                |
