

# HC30WW

5.5" x 29.88" x 20" (H x W x D)

30 inch wide under cabinet convertible range hood for ducted or ductless use in white, made in North America

**Highlights:**

- 30 inch wide pairs well with a variety of ranges and cooktops
- Made in North America in a TAA designated country
- Steel construction for lasting durability

**Product Features:**

|                                     |                                                                                                                              |
|-------------------------------------|------------------------------------------------------------------------------------------------------------------------------|
| Under cabinet range hood            | Low profile design offers classic style to finish your kitchen                                                               |
| 30 inch width                       | Sized for use over 30 inch cooking surfaces (additional sizes available)                                                     |
| Convertible design                  | Can be used for ducted venting to the outside or recirculating ventilation where no external venting is possible             |
| White finish                        | Matte finish in classic white suits any kitchen space                                                                        |
| Easy conversion                     | Ships pre-set for recirculating mode but can be converted in a few simple steps                                              |
| Versatile top or rear exhaust       | Can be connected to 3 1/4" x 10" vertical or horizontal exterior venting or 7" round vertical (transition required for both) |
| Angled airflow                      | Vents are set at a slight upwards angle, ensuring smoke and odors won't be directed towards the user                         |
| Powerful ventilation                | Can operate at 300 CFM to ensure thorough ventilation of your cooking surface                                                |
| Durable 21 gauge steel construction | Powder-coated finish over steel that's 53% heavier gauge than most of the industry's under cabinet hoods                     |

## HC30WW Specifications:
