**Product Features:**

|                                   |                                                                                                                                                                             |
|-----------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 24" wide drawer microwave         | Built-in microwave designed for installation in wall or island openings                                                                                                     |
| Easy access with touch open/close | Simply hold down the "open" and "close" buttons to access the microwave with minimal effort                                                                                 |
| Top-load design                   | Slide-out drawer lets you check your cooking without removing it from the microwave, helping to reduce spills                                                               |
| Large capacity                    | 1.2 cu.ft. interior offers plenty of space for large dishes                                                                                                                 |
| Stainless steel finish            | Exterior features a brushed stainless steel trim to elevate your kitchen design                                                                                             |
| Blade style handle                | Brushed stainless steel in a modern shape that suits any kitchen style                                                                                                      |
| Easy-to-read controls             | Control panel is set at a slight angle, making it easier to read all of the functions in any position                                                                       |
| One-touch cooking                 | Includes buttons for popcorn, beverages, melting, and softening                                                                                                             |
| Melt and soften options           | "Melt" setting lets you choose from commonly melted items (butter, chocolate, cheese, or marshmallows) and "soften" lets you choose from butter, ice cream, or cream cheese |
