

PTHC155GLHD

71.5" x 23.63" x 23.75" (H x W x D)

Single chamber passive heating blanket warmer with a self-closing glass door, stainless steel interior, digital thermostat, black cabinet, and lock

Highlights:

- Designed and assembled in the USA
- No internal fans or moving parts ensure silent, safe, and efficient operation
- Stainless steel interior ensures durable use and easy cleaning

Product Features:

90 to 140°F temperature range	Designed and set to keep blankets warm in hospitals, medical and physical therapy offices, spas, and other facilities
Passive heating	Fixed heaters located at the bottom of the cabinet with no fans or moving parts to minimize lint buildup for safer, more efficient use
Digital thermostat	Electronic controls are conveniently located for easy temperature adjustment
Electronic readout	Large LED temperature display ensures your staff can easily monitor the interior temperature
Silent operation	No moving parts to ensure a quiet performance
Double pane tempered glass door	Heat-safe glass door offers a full view of stored contents, with a stainless steel door trim to highlight the interior
Self-closing door	Door will automatically close when left ajar, preventing items from accidentally being left exposed to ambient temperatures
Professional handle	Stainless steel handle completes the professional look
Stainless steel interior	Interior walls are constructed from stainless steel to ensure lasting durability and easy cleaning
